## Frontend Developer

✉ [jaspertham98@gmail.com](mailto:jaspertham98@gmail.com) ☎ +6016-4928027 🌐 <https://jasper-personal-portfolio.netlify.app>

Ambitious Front End Developer with over 4 years of experience, with a strong drive for self-improvement and a clear goal of transitioning into a Full Stack role. Dedicated to continuous learning, with a focus on mastering Three.js for 3D web development. Passionate about achieving excellence and eager to contribute to innovative projects as a versatile Full Stack Developer.

## Experience

### Senior Frontend Dev - Oppstar Technology Sdn.Bhd

Oct 2023 - present

- Spearheaded the development of a new product from inception, collaborating closely with upper management to create innovative UI designs and functionalities.
- Conducted extensive research to inform decision-making and drive the implementation of essential new features.
- Utilized Solid.js and TypeScript to build robust and efficient solutions, ensuring high performance and scalability.
- Mentored and coached junior developers within the team, fostering a culture of continuous learning and improvement.
- Played a pivotal role in establishing coding best practices and promoting a flexible mindset in code structuring.
- Demonstrated leadership within the team, guiding project development with expertise and adaptability.

### Frontend Dev, Digital Dev Ops - Maybank

Jan 2023 - Sept 2023

I prioritize maintaining its excellent condition, satisfying user and business requirements, and creating a dynamic and easily updatable website. I work with the Scrum method and thrive in the fast-paced environment, constantly learning new skills. Additionally, I contribute to production migration, conduct code reviews, and fix bugs during monthly releases of the M2U website.

### Frontend Dev - WorkSmartly

Oct 2022 - Dec 2022

I specialize in delivering high-quality front-end solutions for various systems and websites. I work closely with clients and colleagues to understand UI/UX requirements, utilizing Laravel Blade for efficient front-end development. My focus is on maintaining code quality, scalability, and performance while staying updated with the latest technologies to ensure exceptional user experiences.
